Dear Sarah,

## **BATH CANOE CLUB IMPROVEMENT PROJECT**

On behalf of the members of the Canoe Club I am pleased to praise Labox Design for all the conceptual design work you have done in support to our project to revitalise the Canoe Club. From detailed questioning of our requirements through to delivering the drawings in a clear and well presented format the team has shown great understanding and patience but overall what has impressed us is the desire to understand what we want to achieve and then to support us with great ideas. It truly was an international project. We are now waiting for Sport England to deliberate and I am confident that with the contribution Labox Design have made we will soon have some good news. I have no doubt in recommending Labox Design to potential clients. We certainly look forward to working with you in the near future.

*Yours  
Paul.*
